

Spring Road Clean-Up

To all Bad Medicine Lake residents and visitors, join us for the Lake Association and Lake Foundation Spring Road Clean-up on Hwy 37!

We have scheduled the clean-up for Saturday morning **May 16, at 9:00 AM**. Meet us on Red Top Road to get your road section assignment, garbage bags, safety vests, and latex gloves (if you desire). We'll have the highway broken down and marked in ½ mile segments. Doing one ½ mile segment on both sides of the road typically takes only 30 – 45 minutes. You're welcome to one or more ½ mile segments.

AND, you are more than welcome to do a section on a different day either the week before or the week after our scheduled date. If this fits into your schedule better, just give us a call and we'll let you know which segments are available. If you'd like, we'd be glad to meet you to give you garbage bags and safety vests.

We had a great turnout last fall and hope you'll join us this spring to help with this worthy cause of keeping our environment clean.

See you there on May 16 at 9:00 AM!

John and Karen La Fond

218-573-3709

PS: the inclement weather date will May 30 at 9:00 AM
